River/Costal Cruiser – Fact Sheet

Introduction

An elegant River cruiser made of steel.

Construction

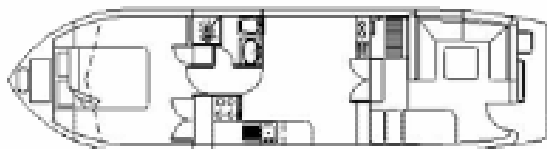

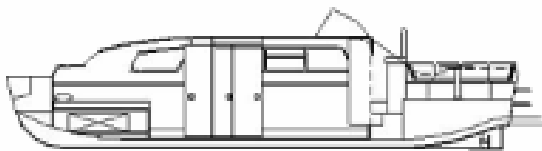

This elegant vessel is built in the style of a fibreglass cruiser but has the advantage of being constructed from 5/5/4/4 mild steel.

The lines of the boat replace those of sea going sport type cruisers, this allows for a spacious four berth luxurious cabin.

The general design is 36' x 10'.

Floor Plan

The interior is finished in natural ash and a soft cream vinyl headliner. The Gallery is fully equipped with electric hob, microwave and 12 volt fridge and ample cupboards and work tops. The dinette converts in to a second twin berth and the bathroom is complete with shower, vanity unit and cassette toilet.

Galley

Fitted Galley

The view here is looking forward towards the bedroom. This Galley has luxury marble work-tops and all electric appliances.

Bedroom

Main Bedroom Looking forward

A double bed easily fits into the bow area of the cruiser along with a TV, dressing table and wardrobe (off to right and left of picture).

Saloon

The Saloon Looking aft.

This is half of the saloon showing a futon settee.

On the opposite side is a flat screen TV.

J.L.Pinder and sons will always consider you exact specifications for interior furnishings.
